

Ground Water Survey Certificate

Issued by Asst. Project Officer

Irrigation.....District Scheduled
Castes Co-operative society.

I have surveyed the land in S.No.....ext.....acres,
invillage,.....mandal, owned by Sri/smt
.....

This land is proposed for sale under the land purchase scheme of the District Scheduled
Castes Co-operative Society Limited.

I have personally surveyed the land ondate.

My recommendations are as below.

S.No.	Point No.	GPH Recommended	Actual Extent recommended under I.D.Crops	Irrigation Scheme recommended	Total Irrigatable extent
1	2.	3.	4.	5.	6.

As shown above a total extent ofacres, in
S.No..... is irrigable under theNos. points.
The Map showing location of the points is enclosed along with detailed particulars of the
report. I recommend that the land measuringacres
in has sufficient ground water potential for growing I.D. Crops. This extent can be considered
for purchase.
